Newsletter

Overview

Dear Parents,

As you know, our field trip was canceled due to the cold temperature on Monday, but it will be rescheduled in the near future.

We have started writing more seriously and I would like for you to work on writing small sentences with your child. Even a few words about their day would be a start!

Our **Star Student** this week is **Saad Alarifi!** As we talked about in class, a star student listens to directions, helps other students, takes care of the classroom, and completes their work nicely and on time. **Great work Saad!**

We are focusing on one continent every week; next week will be Antarctica. We will look at animals and plants native to that continent and other things we know about it. Please talk about and reinforce these ideas with your students at home.

If you have any questions or concerns, please come in and discuss them with me!

Best Regards,

Mrs. Kalinda and Ms. Hwazen

Weekly Objectives

This week your child will review letters Aa-Qq, be introduced to Rr and Ss, continue to enhance writing, phonics and sound recognition, especially short and long vowel sounds.

In Science students will learn about the life cycle for trees. In Social Studies students will learn about neighborhoods and jobs.

In Math we will continue using number lines, identifying and creating 3-D shapes, and identifying polygons and fractions.

Additional Notes

If your child has a storybook in English that he/she would like to share with the class, please bring it in and we will read it together!

Upcoming Events

- **Considerate Assembly**
WEDNESDAY 12/16 (Come early at 7:00)
- Remember there is **NO SCHOOL**
Thursday, 12/17
